PROGRAM

Ellicott City, MD ---- The Burma Research Institute (BRI), formerly the Chin Association of Maryland (CAM), invites you to join a **Hybrid** Congressional Briefing. “The earthquakes in Myanmar on 28 March have pushed 2 million people into critical need of assistance and protection, intensifying already severe needs in a country that had nearly 20 million people in need of aid before the disaster, ..the UN and partners launched a \$275 million”, [issued by the OCHA’s Earthquake Response Situation Report No. 2](#). The Burmese military, also known as Tatmadaw, has continued launching airstrikes against places of worship including monasteries and churches despite the ceasefire being declared on April 2. On March 7, 2025, the Christian and community organizations in the United States sent [a letter to Secretary of State Marco Rubio](#) urging him to determine that the atrocities committed against civilians, ethnic and religious minorities targeting Christians constitute crimes against humanity and war crimes. The briefing will urge the Trump administration and Congress to provide additional humanitarian assistance to Burma and help cease the violence and deter the Tatmadaw’s ongoing airstrikes to protect civilians, the places of worship and religious sites.

We are grateful to Rep. Young Kim (R, CA-40), Chairwoman of East Asia and Pacific Subcommittee of the U.S. House Foreign Affairs for her assistance in securing the briefing room.
